The Niagara College Dental Clinic

Providing dental health services to students and the community.

ADULT DENTAL SERVICES

- Dental care is provided by students and supervised by faculty.
- Appointments include a complete examination, a thorough cleaning, scaling and polishing of teeth.
- Radiographs and fluoride treatments are provided as required.
- Limited appointments are available and are three hours in length.
- More than one appointment may be necessary.
- Fees range from \$25 to \$35 for adult clients.
- There are additional fees for other services such as panoramic radiographs or whitening. Details provided on request.
- Custom sportsguards are available for \$10.00.
- Payment is due at the initial appointment.

RESTORATIVE DENTAL SERVICES

ONE DAY PER WEEK / JANUARY - APRIL

- Dental Assistant students practice chairside skills with dentists from our community.
- To be eligible for restorative clinic, all patients must attend a dental hygiene preventive appointment.
- Appointments are usually one hour in length and are scheduled from the waiting list.
- Very reasonable rates.
- No emergency treatment, extensive restorative or surgical procedures, orthodontics, root canal or denture procedures are provided.

For location information and how to make an appointment, please see the back of this brochure.

YOUTH & CHILD DENTAL SERVICES

- Children (age 5 - 15) receive a complete oral examination, polishing and individual oral hygiene instruction.
- Radiographs and fluoride treatments are provided as necessary.
- The fee for children is \$15.00.
- Sealants are available for a small additional fee.
- Appointments are three hours in length.
- Custom sportsguards are available for \$10.00
